This congress will give you and other eminent Professors and Doctors from all over the world the opportunity to exchange experiences and opinions. Such contact will undoubtedly be of benefit to the medical and scientific profession in your country.

This letter may be deemed to be a formal letter of invitation should you require such a document in order to obtain a visa or other document(s) in order to attend the congress.

The registration fee you have already settled, however, does not include any travel, accommodation or financial assistance, as we unfortunately do not have the funds to support participants.
